Request for Proposal
Application Development Support
9/27/2010

The Vermont Energy Investment Corporation (VEIC), a non-profit corporation, requests proposals for application development support to be completed and presented to VEIC by 10/01/2010.

Electronic submissions of the proposals are welcome and encouraged. Please send those to jfishelman@veic.org. Written proposals and resumes (including attachments) should be no longer than 4 pages per candidate.

Vermont Energy Investment Corporation

Vermont Energy Investment Corporation (VEIC) was founded in 1986 and is a non-profit corporation that provides energy conservation and renewable energy programs and projects, nationally and internationally. VEIC includes one division that administers the Efficiency Vermont (EVT) contract with the state of Vermont. This program is funded by electric ratepayers in the form of a surcharge on their electric bills. VEIC also has a separate division that provides consulting, program development, evaluation, viability analyses, and other expert technical services nationally. VEIC employs over 180 employees in four states, the majority of whom are in Vermont. Further information about VEIC can be found on our website: http://veic.org.

Scope of work and Critical Requirements

VEIC requires the assistance of an experienced ASP.net and C# programmer to assist us in the development of our central line of business application(s). This work requires a high degree of proficiency in object-oriented programming using industry standard best practices including test driven development. Candidates with experience with NHibernate and subversion dependency injection frameworks preferred.

Work is expected to last approximately 3 months.

The selected candidate will work as part of our application development team and under the direct supervision of one of VEIC's Senior Application Developers.

The candidates must be available during regular VEIC business hours (9 am to 5 pm EST) and be capability of meeting at VEIC's offices in Burlington Vermont on an as needed basis.

Responses

Responses should include the credentials and experience of the persons who would be designated to conduct the required services.

References

Please supply at least three (3) references who have used your professional services for a similar project. Include a contact name, address, and a contact phone number.

Evaluation of Proposals

Proposals will be due on 5 pm 10/1/2010.

VEIC will conduct follow up interviews with the person(s) who would be providing the required services to further discuss experience and expertise.

Proposal selection will be qualifications-based. VEIC will intend to negotiate contract terms with the most qualified vendor. If unsuccessful, VEIC would intend to then negotiate with the next most qualified vendor, until reaching satisfactory contractual arrangements. VEIC reserves the right to not award a contract should none of the proposals adequately address the requirements outlined in the RFP.

Proposals will be evaluated on the following criteria:

1. Demonstrated experience and expertise in similar projects (80 points)
2. Strength of references (20 points)

Questions regarding this RFP should be direct to: Jules Fishelman, IT Manager, 802-658-6060 x1029
